Training Seminar  
New OHADA Uniform Act related to  
Commercial Companies and EIG

May 20 2014 – 8h00 to 13h00  
Hilton Hotel  
Malabo, Equatorial Guinea

We would be honored to have you as a participant in our next training on the review of the OHADA Uniform Act on Commercial Companies and EIG.

The Organization for the Harmonization of Business Law in Africa (OHADA) became a reality in 1997.

The initial objective of OHADA was to achieve a harmonized business law for the development and security of the business climate in Africa.

The perpetual changes in the business world have highlighted some deficiencies of the uniform acts in force.

Reforms were needed.

In this spirit, 4 new uniform acts have been revised in the following forms:

- Uniform Act related to general commercial law, published in the Official Gazette No. 23 of 15/02/2011 and entered into force on 16/05/2011
- Uniform Act on the organization of Securities, published in the Official Gazette No. 22 of 15/02/2011 and entered into force on 16/05/2011
- Uniform Act related to the right of cooperative companies, published in the Official Gazette No. 23 of 15/02/2011 and entered into force on 16/05/2011
- Uniform Act related to commercial companies and EIG, published in the Official Gazette Special Edition 4.2.2014.

Our training will focus on the reform of the Uniform Act related to Commercial Companies and EIG which entered into force on 05/05/2014.

## Objective of the training

The advantage of this seminar is to have an overview of all innovations provided by the Uniform Act related to Commercial Companies and EIG, emphasizing the impact they will have on the life of companies in the OHADA zone and hence for their group and their affiliates.

It will also help to understand the spirit that enabled the implementation of this reform, recalling the content of discussions between professionals of business law and the institution of OHADA.

This half day seminar will allow you to learn the full reforms carried out and those planned for the purpose of reproduction and use in your work environment.

## To whom is this training addressed?

The content of the seminar is designed for an audience of practitioners of business law and other branches.

It is also addressed to legal managers and officials, legal advisors of companies, junior / seniors, business leaders, legal advisors/ tax advisors, lawyers, notaries, judges, financial and accounting managers, accountants, and economic actors and anyone interested.
