Subject: Bilingual Training Seminar (French & English) on the Revised OHADA Uniform Act on Accounting Law and Financial Information (AUDCIF): Revised OHADA Accounting System

Dear Experts-Mac's Partners,

Following the 43rd session of the Council of Ministers of OHADA countries, a Uniform Act on Accounting Law and Financial Information (AUDCIF) was adopted to replace the Uniform Act on Organization and Harmonization of Accounting companies. This new act comes into force on 1 January 2018 for the individual accounts and on 1 January 2019 for the consolidated accounts and the IFRS accounts. The new text meets the major expectations of the international economic environment and the needs of players and professionals in the field. Thus the revised SYSCOHADA moves from a general ledger to Financial Accounting.

The objective of the seminar is to respond to the needs of companies in the training of their personnel in order to provide the necessary material to face the major changes and challenges imposed by the new provisions. The seminar will address the changes made in the new OHADA Uniform Act. The seminar's work will focus on the presentation of the major changes and their impact on the presentation of the accounts, the migration from the old system to the new system, which now embraces the foundations of the Anglo-Saxon system. Particular emphasis will be given to the convergence and divergence between SYSCOHADA standards and IFRS, accounting and tax restatements and the presentation of financial statements. Similarly, we will analyze examples and practical application cases to illustrate the impact of the new framework on national and international reporting. All our presentation materials will be available in French and English. Similarly, the presentation will be operated by bilingual professionals, specialists in OHADA accounting law.

In Cameroon, the seminar will take place in Limbe, sheltered from your professional daily life, in a very pleasant environment for intellectual work. We look forward to seeing you there.

Thanks and see you soon.

Valéry Teinche, MBA, CPA, CGA, Managing Director Experts-Mac Group.
